

Cyber-Dive Weeks DRAFT 1 July 9-13, 2018 – Group 1 July 16-20, 2018 – Group 2

What is "Cyber-Dive" Week: An awareness event for high school students

There are millions of cyber security attacks globally every day! Many of these attacks result in costly theft of personal information, damage to computer systems and to organizations' reputations. There are, today, over 9,000 unfilled IT and cyber security positions just in the State of Arizona.

Why a Cyber Dive Week: To develop the interest and stimulate youth to acquire the education and training to fill the widening gap in the cyber security workforce

Who is participating

Students who want to learn about careers in cyber security...what it takes, what is the potential, and who's "right" for this career.

Schedule

Monday – Friday 8:30-am to noon

What each student will be doing everyday

- Learn and practice the basics of penetration testing and attacking websites and applications in the ABL Lab safe and controlled environment
- Hands-on participation in demonstrations on many of the hardware devices used by professionals to identify vulnerabilities exploited and used in cyber attacks
- Individually and in a collaborative team environment perform real-world activities on the ABL cyber lab computers
- Experience using the actual tools of the cyber security profession...test drive and appreciate what a cyber security professional does in the workplace every day
- Meet with Arizona employers to discuss information about their organizations' cyber security programs and career opportunities

What each student will gain from participating in the week's activities

- Know and appreciate what Cyber Security and IT work is all about
- Learn about the jobs and salary potential for Cyber Security and IT careers
- Acquire initial knowledge and skills which can be further developed by participating in additional ABL cyber lab activities and lessons in person or remotely

Every student receives:

- Student workbook
- Remote ABL Cyber Lab access for continued online training

ABL CYBER LAB 125 South 52nd Street Tempe AZ 85251
